PROFESSIONAL SUMMARY

Analytical and technically driven final-year Bachelor of Information Systems (Hons.) Intelligent Systems Engineering student with a strong foundation in artificial intelligence, machine learning, NLP, Python, SQL, data preprocessing, and model development. Experienced in developing and evaluating machine learning solutions through academic projects, including data cleaning, feature engineering, model training, hyperparameter tuning, and performance evaluation. Strong interest in applying AI and machine learning to real-world problems while continuously developing practical skills in intelligent systems, automation, and data-driven solutions. **Seeking internship as an AI and Machine Learning Engineer Intern** to gain hands-on industry experience and contribute to real-world AI solutions.

EDUCATION

MARA University of Technology (UiTM)

Bachelor of Information System (Hons.) Intelligent System Engineering, CGPA: 3.82

Oct 2023 - Current

Penang Matriculation College in Physical Sciences, CGPA: 3.71

Oct 2022- Oct 2023

SCHOLARSHIP

PETRONAS Powering Knowledge (Undergraduate) Scholarship

Nov 2024 - Dec 2026

ACADEMIC PROJECTS

Personality Prediction from Text using Machine Learning & NLP

Oct 2025 - July 2026

Final Year Project | Tools : VS Code (IDE), Git, Python, NLP, ML, PyTorch, Hugging Face Transformers, SHAP, Gradio, scikit-learn

- Developed an NLP pipeline for personality prediction using TF-IDF, Ridge Regression, and BERT.
- Applied preprocessing, transformer fine-tuning, and SHAP explainability using Kaggle datasets.
- Evaluated model performance using RMSE, MAE, and R² metrics.
- Built an interactive Gradio interface for real-time prediction visualization.

SMART-SHELTER (IoT Automated Parcel Protection System)

Jan 2026

Tools: Arduino UNO & IDE, Blynk IoT Platform, Sensors, C++, PWM Control

- Developed IoT system using Arduino for automated rain detection and parcel protection
- Implemented real-time response mechanism for environmental conditions

Sentiment Analysis of Social Media Reviews (Threads App)

Jan 2026

Tools: Python, NLP, Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn, WordCloud

- Built an NLP-based sentiment classification system for social media review analysis.
- Applied text preprocessing and TF-IDF vectorization for sentiment prediction.
- Processed and analyzed textual data to generate sentiment-driven insights.

WORK EXPERIENCE

Administrative Assistant | **Nasyrah Maju Enterprise** | **Oct 2024 - March 2026**

- Managed company documents and maintained organized administrative records.
- Assisted with EPF submissions, vendor registrations, and business documentation.
- Coordinated administrative tasks while ensuring accuracy, compliance, and confidentiality.

Warehouse Assistant | **SPX Express BRS Warehouse** | **Nov 2025 - Dec 2025**

- Sorted, scanned, and organized parcels to ensure accurate and timely order processing.
- Worked efficiently in a fast-paced warehouse environment while meeting daily operational targets.
- Maintained accuracy and collaborated with team members to support smooth logistics operations.

Cashier | **Ezy Mile Station (SHELL)** | **May 2023 - July 2023**

- Managed cash, card, and digital transactions with a high level of accuracy and accountability.
- Delivered excellent customer service by resolving inquiries and handling customer concerns in a fast-paced environment.
- Collaborated with team members to ensure efficient daily operations while demonstrating strong communication and problem-solving skills.

SKILLS

Programming Languages : Python, SQL, R, Java, C++, HTML

AI & Machine Learning : Machine Learning, Data Analysis, Predictive Analytics, Natural Language Processing (NLP), TensorFlow, Scikit-learn, BERT, Data Visualization, Feature Engineering, Model Evaluation

Cloud & Data Engineering : Google Cloud Platform (GCP), BigQuery, Database Management, Power BI, Tableau, Business Requirements Analysis, Process Improvement, SDLC, System Testing, Database Management, Automation, Microsoft Power Automate, Git, Visual Studio Code

CERTIFICATIONS

- 2026 — Google Cloud Certified Professional Machine Learning Engineer
 - 2024 — SQL Schema Script Certification (Oracle Academy)
 - 2024 — Bengkel Road to White Hat 4.0 (Cybersecurity)
-

COMPETITIONS & ACTIVITIES

- ProSolve International 2026 – Competitive Programming Contest**
- Participated in a national-level competitive programming contest focused on algorithmic problem-solving.
- ICYOUTH 2026 Hackathon – AI Pose Estimation System**
- Applied computer vision concepts for posture detection and movement analysis.
- PETRONAS PESP Elevate 2026**
- Participated in leadership and innovation development program.
- CodeNecton 2025 Hackathon**
- Developed AI-driven solutions in a team-based hackathon environment.
- Festival Idea Putrajaya 2025 (FOI) — UiTM Delegate**
- Represented UiTM in a national innovation and technology event.
- Trailblazer Camp 2024**
- Participated in leadership and self-development activities.
- Inter-Faculty Sports Tournament (SAF) & Sukan Antara Kolej (SUKOL) 2024**
- Competed in Petanque, Ping Pong, and Running events.
-

LEADERSHIP & VOLUNTEER EXPERIENCES

- Penolong Ketua Fasilitator — Kem Remaja Berilmu 2026**
- 2026 - Guided students in leadership and group activities.
- Naib Yang Dipertua II (NYDP-II), GPMS UiTM Shah Alam**
- 2025 – Present - Led and coordinated student programs and activities.
- Program Leader & Facilitator — Horizon Camp 2025**
- 2025 - Organized and managed leadership camp activities.
- Event Committee — MELATI’s Inspiring Resilience**
- 2025 - Assisted in event planning and coordination.
- Secretariat Membership & Relations Secretary, GPMS UiTM Shah Alam**
- 2024 – 2025 - Managed membership coordination and communication activities.
- Member — UiTM Cyberheroes Club (UCC)**
- 2024 – Present - Participated in cybersecurity-related activities and programs.
- Member — Emergency Response Team (ERT)**
- 2024 – Present - Participated in campus safety and emergency readiness activities.
- SIGMA Leadership Camp 2025**
- Participated in multi-university leadership program.
-
